Bargains in every department. Come and be convinced.

**THE MCLEOD STORE, The Store Where Prices Are Always Right, Madisonville**

## FINE WATER

## PRESSURE SHOWN

Efficiency of Earlington Water Works Shown at and After Fire.

## STRONG STREAM THROWN TWENTY FEET ABOVE HIGH BUILDING

After a fine demonstration of efficiency at the Webb fire yesterday morning, when the fire fighters of Earlington saved almost unscorched another dwelling within eight feet of the burning building, the splendid water pressure was demonstrated on Main St. in the business district, to a large number of interested spectators. The fire hose was attached to the plug at corner of Main and Railroad Street and the stream turned up over the Victory building, three stories with high front, one of the tallest buildings in Earlington. A strong stream of water was thrown full twenty feet above the front elevation of that dwelling. Earlington has eighty pounds pressure in the business section and this good pressure extends well through the largest portion of the city. The new stand pipe affords 150,000 gallons reserve water supply, ample for all purposes and recognized as standard equipment under rigid insurance regulations, and the pumping station at Loch Mary is manned 24 hours in the day.

## HOPKINS COUNTY SUNDAY SCHOOL CONVENTION

Wednesday, June 14, 1911, Nortonville, Kentucky.

Every school should be represented at this convention. Bring your reports of success and get encouragement for better work.

Next state convention at Louisville, October, 1911.

J. H. VANNOY President.  
MISS NORA BEARD, Secretary.

## NOTICE

All parties are hereby notified that they must not seine for minnows, fish, or crayfish in the Jersey meadow or in any of the streams emptying into the lake.

ST. BERNARD MINING CO.  
Incorporated.

## Headaches Signs of Danger.

Anyone in this town that suffers frequently from splitting, nervous headaches ought to go at once to the drugist and get a 25c bottle of our Carlsbad's German Liver Powder. Headaches always indicate constipation in a dangerous form, that may result in other extremely serious ailments--sometimes even Bright's Disease and Appendicitis. Our Carlsbad's German Liver Powder acts on the Liver, the real cause of constipation--a few doses entirely remove the trouble--insure a lasting cure--never fails--guaranteed--if you have headaches, get a bottle today from the St. Bernard Mining Co., Incorporated, Drug Department. 25c a bottle.

## Saw The Point

A subscriber once received a dun through the postoffice and it made him mad. He went to see the editor about it and the editor showed him a few duns of his own, one for paper, one for fuel and several others. "Now," said the editor, "I didn't get mad when these came because I knew all I had to do was ask several reliable gentlemen to help me out and then I could settle all of them." When the subscriber saw how it was he relented, paid up and renewed for another year.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all dealers.

## HENDERSON BOY IS WIZARD

If Newspaper Report Is True--Has Perfected System of Wireless Telegraphy.

Henderson, Kentucky, June 8.--William Calligher Ryan, fifteen years old, living with his mother, Mrs. W. H. Ryan, at Green and Powell streets, has perfected a system of wireless telegraphy, and has copied messages from cities situated from eight hundred to one thousand miles from his home. Within two weeks he will begin experimenting with wireless telephony.

The young experimenter has his laboratory situated in a little room in the third story of his home, and when seen Wednesday afternoon he took pleasure in showing and explaining the various instruments there. Ryan began working on this theory when he was only twelve years old, and has read many books. By his own experimenting, he has practically achieved success.

An instrument by which the operator can regulate the length of the aerial waves, spark coils, sparkers, interruptors, receiving coils, load or loading coils, meters, and numerous others of a delicate nature, are to be found in young Ryan's laboratory, where he spends many hours each day, "cutting in," on messages, and other wise increasing his knowledge of the art. He can receive twenty words per minute and send an average of thirty-four in that period of time.

While demonstrating, Ryan touched one of his keys, after establishing a connection. Sparks fairly sputtered from the sending instrument. He is a member of three well known electrical clubs in the United States, and for his laboratory he has adopted "P. L." as his call.

## LIGNITE FOR LOCOMOTIVE FUEL

If Tests are Successful Southern Pacific Expects a Great Saving

Austin, Tex.--If the series of tests that are now being made by the Southern Pacific in the use of lignite for fuel for its locomotive prove the success that is expected, it will mean an enormous saving to that company in its annual fuel bill. The lignite deposits of Texas are practically inexhaustible and extend entirely through the state from northeast to southwest. The Southern Pacific is experimenting with the fuel in a new burner that was specially constructed for the purpose and installed upon one of its largest locomotives. It is claimed that the cost of lignite is considerably less than fuel oil. One special purpose of the experiments is to determine whether Oregon lignite shall be adopted for fuel upon the Southern Pacific's lines in the Northwest.

## Who Will it Be

The Republican electors of this county will meet at the court house at Madisonville, August 13 to elect a man to oppose Ed Young. Following is the call:

Madisonville, Ky., June 10 1911.  
To the Republican Electors of Hopkins County, Kentucky:  
Pursuant to orders of the Republican county executive committee for Hopkins county, Ky., a mass convention of the Republican electors of Hopkins county, Ky., is hereby called to meet at Madisonville, Ky., at the court house on Saturday, August 19, 1911, at one o'clock p.m., standard time, for the purpose of nominating a candidate of the Republican party for representative to be voted for at the next general election. The form of voting at said mass convention shall be viva voce.

Done by order of the Republican county executive committee for Hopkins county this June 10, 1911. J. B. Harvey, chairman.  
Walter Crick, Secretary.

## CHAS. WEBB'S HOUSE

Destroyed by Fire Monday Morning

The residence of Chas. Webb on railroad street burned Monday morning about ten thirty. The fire originated in the attic, and the entire top of the roof was in a blaze before the fire was discovered. As soon as an alarm was turned in the fire department turned out promptly and by hard work saved the lower portion of the building and the house on both sides. Mr. Webb had \$800.00 insurance equally divided on his house and furniture. The fire is supposed to have caught from matches in the attic.

## THE ROSS RESIDENCE

On Main Street, Madisonville, Burns at Noon Yesterday--No Water Available.

The residence of Dr. W. P. Ross on North Main Street, Madisonville burned yesterday. All of the household and kitchen furniture was saved. The family were eating dinner when the alarm was given and the fire was under good headway when first discovered. On account of the inability to get water, it was impossible to extinguish the flames. The fire is supposed to have caught from the kitchen fire.

## EARLINGTON BANK

Making Improvements--Newly Painted Inside and Out.

The appearance of the Earlington bank has been greatly improved by a new coat of paint on the outside and varnished on the inside. The work was done by Mr. Brame, who is a past master in the business. The appearance of the bank has been greatly improved by this work.

## PENSION FOR L. &amp; N. VETERANS

Road Collecting Data on Their Service and Innovation Considered Certain

Louisville, Ky., June 10.--That a pension system for its employees will soon be established by the Louisville & Nashville Railroad is considered certain. The road has been collecting information as to the age and the length of service of its employees, and while the general offices will not make any statement, it is not denied that a pension plan is contemplated.

## Labor Gun Men in Pistol Duel.

Chicago, June 10.--Two alleged labor "gun men," John Costello, alias "Jack the Ripper," and Geo. Hudson, fought a pistol duel at the corner of Clark and Illinois streets early to day, and both received injuries which probably will prove fatal.

The men had previously quarreled, and when they met on the street to-day they opened fire. Each man was struck by two bullets, both of them close to the heart.

## Settles Dispute With Its Firemen

Washington, June 10.--The dispute between the Southern Railway Company and its firemen, which has been in mediation for the past two weeks, has been settled on a basis satisfactory to each side. Both sides, it is said, made concessions, but what they were, none of those interested would say.

## Prominent Providence Man Marries

J. D. Parrish the well known owner of the Providence flour mill and Miss Margaret Casler of Crittendon county were married in Providence last week. The ceremony was performed by Rev. Cameron of that city, in his usual impressive manner. Mr. Parrish is well known in Earlington and his many friends offer congratulations to the happy couple.

## Madisonville Notes

BY AILEEN DAVIS.

Mrs. Lena Quirey formerly of this city is visiting Mrs. M. V. Poyner for several days. She will leave the first of the week for a visit to relatives in Guthrie.

## Child Dies Sunday

Earle Edwin, the four year old son of Mr. and Mrs. Harry White, died Sunday afternoon about one o'clock, after an illness of a few weeks. He first had pneumonia, then typhoid, and then developed into gangrene of the lungs, which was the immediate cause of death. The remains will be interred at the Earlington Cemetery this morning. The stricken parents have the sympathy of the entire community.

## No More Dyspepsia.

Gas, or other Stomach Troubles, Nothing will remain undigested or sour on your stomach if you will take a little Digesteze, a powerful digestive, harmless and pleasant as Maple Syrup. For sale by the drug department of the St. Bernard Mining Company, Incorporated.

## What Constitutes a Subscriber?

A court decision has lately been rendered in Massachusetts on what constitutes a subscriber, says the American Press. The judge firmly believed that the man who received the paper, although he never subscribed for it is entitled to pay.

James Thomson moved, and William Robinson took immediate possession and received and accepted a weekly newspaper that was delivered to him through the mail every week. The good natured editor sent accounts frequently but no attention was paid to them by Mr. Robinson.

Finally there was a day of reckoning. Robinson had received the paper for some time, he informed the collectors, but he said he never subscribed and declined to pay for it. The judge personally questioned the defendant who said that he read and made use of it and was receiving the accounts, which were frequently enclosed in the paper.

Judgment was rendered in favor of the newspaper. The judge was severe in his criticism of people who are receiving papers and do not think it worth while to pay for what they receive and make use of. It is an act of dishonesty, he said. One should acquaint the publisher and pay whatever number he receives.

## You Can Eat Anything.

Eat what your stomach craves without the slightest fear of indigestion, which is an awful feeling. You will not be bothered with Sour Stomach, Heartburn, Nausea, Bad Breath or Heavy Feeling if you will take one dose of Digesteze. It relieves and cures as if by Magic. Pleasant as Candy. Relief in one minute. Get a 50c bottle from the drug department of the St. Bernard Mining Company, Incorporated.

If any amount of good store-advertising pays, at any time, then adequate store-advertising, all the will pay correspondingly well.

## W. S. McGARY SELLS BUSINESS.

Will Travel and Put on Baby Picture Shows in Madisonville This Week.

The only and original W. S. McGary, familiarly known as "Hap," and incidentally one of the best fellows in town, has sold his newspaper, Magazine and post card business to Ermit Wyatt, of this place, and has made arrangements to travel with Mr. Goodrich and put on baby picture shows. He has been in Central City for the past three weeks in this business and made good. He will be at the Lyric in Madisonville this week and next, and he and Manager Cal. Walker propose to show the majority of the pretty babies to the Madisonville public. After finishing at Madisonville Mr. McGary will begin a tour of the country and expects to visit points in Indiana, Illinois and Michigan. Messrs. McGary and Goodrich are the originators of the baby show, and Mr. Goodrich spent last winter in Alabama, Georgia and Florida in this business where he met with unbounded success. The people of Earlington will remember when the first baby show was put on at this place last summer. This was the first show of its kind.

Mr. McGary says his home, he thinks, will always be in Earlington, though he travels for business.

## Always Blessed

with a Hearty Appetite if you use Digesteze. It helps your stomach do the work, digests what you eat and makes good rich blood from your food. No more Sleepless Nights, Headache or Stomach Misery. Get rid of all these troubles with Digesteze. Fifty cents a bottle, worth tenfold its cost, at drug department of the St. Bernard Mining Company, Incorporated.

## It's Against the Law.

It is not generally known that according to the Kentucky Statutes it is a heavy fine to catch for the purpose of placing in a cage, a mocking bird. Many people have these woodland songsters in cages about the house and are not aware that the new laws of the state forbid such being a captive. The statute which is section 1916 reads as follows: "No person at any time catch, kill or pursue with such intent or having in possession after, same has been caught or killed any thrush, mocking bird, meadow lark, finch, martin, swallow, woodpecker, flicker, oriole, red-bird, tanager, catbird, bluebird or other song or insectivorous bird... There is a move through the state to stop the capture as well as killing of those birds.

## Fought a Good Fight

A man in Arkansas was recently tried for assault and battery with intent to kill. The state brought into court all the weapons used, a rifle, a gun pair of tongs, saw and wrench. The defendant, a convict exhibited as the other man's weapons a scythe, pitchfork, pistol, dog, razor and hoe. The jury decide the case as follows: We the jury would have given a dollar to have seen the fight.

People usually become really interested in a store first through the store's ads. Every good ad makes New Store-Friends--and renews the interest of old ones.

### HELPFUL WORDS

From an Earlington Citizen

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys. There is danger in delay. Weak kidneys fast grow weaker. Give your trouble prompt attention. Doan's Kidney Pills act quickly. They strengthen weak kidneys. Read this Earlington testimony.

Mrs. Francis Brown, 204 Fourth St., Hopkinsville, Ky., says: "There is no doubt about Doan's Kidney Pills lining up to the claims made for them and you are at liberty to use my name as one who recommends them highly. I was annoyed for years by backache which came on in spells, especially if I contracted a cold. About four years ago I was induced to try Doan's Kidney Pills and was not disappointed with the results. After taking a dose or two I knew the remedy was acting directly on my kidneys and in a short time my trouble ceased. During the past four years I have used them occasionally when having similar attacks and in each case they have given prompt relief. I always keep them in the house."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**Harnessing the World's Largest Spring**

With a surface area of eighteen acres, Mammoth Spring, Arkansas, can justly claim to be the largest spring in the world. Its source is from a powerful subterranean river and it has been sounded to a depth of 90 feet, using an anvil for a plummet, at which depth the stream was so strong it bore the weight aside. The flow is very regular and averages half a million gallons daily. This wonderful spring has been harnessed to give 2000 horse power and 20,000 additional horse power will soon be developed.

As early as 1854 this spring was raised with a four foot dam to turn the wheels of a tiny grist mill. In 1898 a new dam was built and enough power obtained to light the towns of Mammoth Spring, Arkansas, and Thayer, Missouri, across the line. The new dam, just completed, is 610 feet in length and 24 feet high. The towns of Mammoth Spring, Thayer, Koshkonong, Brandaville, Fruitville, and West Plains will soon be lighted by power developed from the spring. It is expected that the water from this source will ultimately light most of the towns for 50 miles around.

### We Make and Sell Summer Clothes That are as Near Perfect as Clothes Can be

There is self satisfaction and self congratulation in knowing anything one owns rings true. If you possess a watch with a gold filled case, your friends may not know it is not gold, but you know it. The same with clothes—you may have a cheap suit that looks good for awhile, but the substance is not there. Why not buy good clothes, seeing that our prices for good clothes are less than many stores ask for ordinary clothes?

Men's 2-piece Mohair Suits, Cravantes, \$16.50 to \$20.

Men's 2-piece Summer Woolens and Serges, \$10 to \$25.

Men's Skeleton Coats, Mohairs, Serges, Sicilians, \$1.50 to \$7.50.

Men's Wash and Fancy Worsted Trousers, \$1 to \$6.50.

Men's Straw, Bankok and Panama Hats, \$1 to \$5.

Men's Oxford Shoes in all styles, \$2 to \$6.

And equally as extensive and comprehensive lines in summer and vacation wear for the boys—the maximum of value for the minimum of cost.

Come, or let's hear from you by mail or phone.

We rebate fares.

# GREAT OPPORTUNITY FOR CONSERVATIVE INVESTORS

Nothing as safe as real estate, providing it is located where there is a foundation composed of natural resources. Everyone knows that has been keeping up with the times, that Western Kentucky is rapidly coming to the front in the mining field. **NORTONVILLE** being surrounded with mining towns, its location is naturally sure to become a commercial center, its trunk line railroads and coal industries, its other valuable minerals cannot be taken away without increasing the value of every foot of land around Nortonville. With the rapid progress, which the Middle South is making, all of these resources are going to be developed very soon.

## On Saturday, June 17, 1911

The **NORTONVILLE** Coal & Coke Company is going to give every man, woman and child an opportunity of becoming a real estate owner in the Coming Commercial Center of the Middle South. The New Addition east of the corporate limits of **NORTONVILLE**, south of the Illinois Central Railroad, is the finest location in the town. The soil is fertile and is far enough away from the noise and smoke to make desirable residence property. The above Addition has been laid off, giving each lot 50 feet frontage and most of them 190 feet deep to an alley.

The lots will all be sold with the understanding that a 3 1-2 foot concrete sidewalk will be built in front of each lot by the Company, free of charge to the purchaser, as soon as the lot is paid for. This will make the best investment ever offered in **NORTONVILLE**. These lots are bound to tripple in value in two or three years. There has already been several lots sold in the corporate limits and many applicants for more, also applications made for building houses on same, and we now have a large amount of lumber and material on hand and will, in a few days, begin the erection of several new houses; also a large Department Store, which will have a frontage on Oak street of 75 feet by 100 feet long. There will also be a large warehouse built to be used in connection with the coal mining properties of Nortonville.

### Industries

There is a proposed flour mill that will be built and ready for operation by fall.

A clay production plant that will manufacture sewer pipe, paving block, building brick.

A six-story hotel will be built, mostly by Chicago capital, also a sanitarium.

We now have two mines in operation here, sinking a third shaft, and in a short time will be opening and developing a fourth mine, within a mile of the Nortonville railroad crossing.

### Chicken Farm and Truck Gardening

Can all be realized on Saturday, the 17th day of June.

Can you afford to invest a few dollars where you can build a beautiful home in your own city and where there are ideal railroad facilities and every prospect for a first class town, both on account of its location and the natural resources, which is a natural boon to the town?

### Study Our Terms Very Carefully

\$10.00 down and \$5.00 per month, without interest. No taxes until the lot is paid for.

10 per cent discount for cash in ten days.

You can buy two lots, \$15.00 down and \$7.50 per month, to apply on payment for both lots.

In case of sickness, lack of employment, you will have 12 weeks' grace on your payments.

In case of death of purchaser, we will issue a deed to his, or her heirs, without any further payments and remember these terms apply to lots bought anywhere in **NORTONVILLE**.

Title absolutely perfect.  
Free abstract with deed.

### RESTRICTIONS:

15 foot building line.

We reserve the right to reject any, or all undesirable bids.

## \$100.00 IN GOLD

Will be given to the builder of the first home within the next six months.

In order to induce you to attend our sale we are going to make this one grand big feast.

### Grand Big Barbecue Free of Cost

Will have a band from the nearest town that we can secure.

### Two Choice Lots to be Given Away

One to the ladies, one to the gentlemen.

The auctioneer will be a man known to you all and can sell a lot a minute.

The sale of these lots will be conducted on the fairest and squarest plan possible.

Sale commences promptly at 11 o'clock a. m.

Gentlemenly clerks will be on hand to announce bids for ladies.

Coupons for free lots and plats will be issued on the grounds.

We have set the time for this sale at 11 o'clock in order to give everyone coming from either direction to **NORTONVILLE** an opportunity to get here on the first train reaching this point before the sale begins.

There will be no lots sold in this New Addition until the morning of the sale, as we desire to give everyone that comes to the sale from out of town an equal chance to buy these lots.
